2012 Produce
CSA

Membership

Produce Share: From the first week of June to the 3rd week of October, receive produce that will feed two, four or more, depending on how much you cook and eat at home. \$320 small/ \$490 large

Shares are delivered weekly. A small share assumes you are either feeding just one or two, or don't cook at home more than a couple of times weekly. A small share would include 5 to 6 varieties per week and fill about 3/4 of a milk crate. A large share assumes you have more than two, like to cook a lot, or want to have a bit of extra food to freeze or can. A large share would include 6 to 8 varieties per week and fill a milk crate. For most people interested in getting their produce from a single source, without having to supplement, we encourage a large share.

We appreciate that you're considering us as one of your main food sources.

Storage Share: - Delivered one time at the end of the growing season, winter squash, potatoes, carrots, beets, onions and more that will store through the first of the year. Expect the equivalent of about 5 milk crates. \$120

Jam Share: - 1/2 pint of our own homemade jam delivered once monthly. Strawberry, raspberry, apple, currant, grape & more. \$30

Pickle Share:- 1 quart of pickly-things each month including beets, cucumbers, relishes, tomatoes & more. \$50

Egg Share: A dozen farm fresh eggs. From happy hens. One dozen weekly with your produce share. \$80

Locations For Pick Up:

- Beloit, Bushel & Peck's
- Green City Market, Chicago
- Lakeview, Chicago
- Monroe, On Farm
- Oak Park, IL
- Northbrook, IL
